

The Community Health Worker (CHW) Workforce Getting to Sustainability Series

Session 2 - Early Implementation Strategies: Building the Infrastructure for the CHW Workforce

**Thursday, February 23, 2023
3:00 - 4:30 PM ET**

Please join the Office of the Assistant Secretary of Health (OASH) in a four-part webinar series aimed at demonstrating how regions, states, tribal nations and territories are advancing the CHW workforce by moving towards sustainability.

Building towards CHW sustainability requires establishing infrastructure which supports the workforce in being effective at their profession. This session will offer examples of recently implemented efforts that are laying the foundation for longer-term success and provide insights on the approaches taken to foster a productive working environment for their workforce.
