

EMERGENCY COMMUNITY MEETING

PROTECT RHODE ISLAND'S COMMUNITY HEALTH WORKERS (CHWs)

EOHHS is **proposing to eliminate the CHW Medicaid benefit** — a decision that would wipe out the entire CHW workforce across Rhode Island. If this cut passes, **billing stops, jobs vanish, and community care collapses.**

WHEN & WHERE: **Thursday, November 13, 2025 6:00 PM – 8:00 PM.**

Location: Warren Alpert Medical School of Brown University

222 Richmond St, Providence, RI 02903

WHO'S COMING:

State Officials · State Representatives · Healthcare Providers · Community Leaders · CHWs

This is the one time **we will all be in the same room** — united to defend the CHW program and fight for what we all believe in: **equity, access, and the right to care.**

WHAT'S AT STAKE

- **\$23.4 million** in Medicaid funding and **\$16.6 million** in federal match
- The jobs of **hundreds of CHWs** statewide
- The health and stability of Rhode Island's **most vulnerable communities**

We're standing together — across sectors and across titles — to make sure CHWs remain a **permanent, protected part of Rhode Island's healthcare system.**
